

# City Council Memorandum

*City of Arts & Innovation*

---

**TO: HONORABLE MAYOR AND CITY COUNCIL**                      **DATE: JUNE 18, 2019**

**FROM: FINANCE DEPARTMENT**                                      **WARDS: ALL**

**SUBJECT: FISCAL YEAR 2018/19 THIRD QUARTER FINANCIAL REPORT, MEASURE Z UPDATE, AND RELATED INTERFUND TRANSFERS AND SUPPLEMENTAL APPROPRIATIONS**

**ISSUE:**

That the City Council receive and provide input on the attached Fiscal Year 2018/19 Third Quarter Financial Report and Measure Z update, and approve interfund transfers and supplemental appropriations.

**RECOMMENDATIONS:**

That the City Council:

1. Receive and provide input on the attached Fiscal Year 2018/19 Third Quarter Financial Report and Measure Z Update; and
2. Approve interfund and interdepartmental transfers of \$4,746,759 as detailed in Attachment 2, and related supplemental appropriations in the same amount required to effectuate the interdepartmental transfers, and a net budget reduction of \$9,713 across city funds; and
3. Approve a \$2.5 million supplemental appropriation in Sewer Fund account 4125200-425900 to reimburse Community Service Districts (CSDs) for overpayments made during fiscal years 2016/17 and 2017/18.

**BACKGROUND:**

On June 12, 2018, the City Council adopted Resolution No. 23316 approving the Fiscal Year (FY) 2018-2020 Two-Year Budget.

On January 22, 2019, the City Council received the FY 2018/19 First Quarter Financial Report for the General Fund and Measure Z.

On March 26, 2019, the City Council received the FY 2018/19 Second Quarter Financial Report for the General Fund, Measure Z, and major Enterprise Funds (Electric, Water, Sewer, and Refuse).

## **DISCUSSION:**

### **FINANCIAL REPORT**

Throughout the fiscal year, City departments and the Budget Office monitor and analyze all City funds for potential issues that require attention and mitigating action. For the third quarter report, City departments analyzed financial status for all funds and appropriations under their purview and reported no areas of immediate concern.

#### *Revenue & Expenditure Analysis*

Revenue and expenditure activity may be impacted by timing or unique characteristics that cause reported activity to appear to be either lagging or exceeding budget at any given point in time. For example, revenue accruals may cause revenues to appear to lag throughout the fiscal year until closing entries and revenue accruals are posted at fiscal year-end. In expenditures, debt payments and other expenditures may not occur at a frequency that coincides with quarterly reporting, causing expenditures to appear to be either exceeding budget or coming in under budgeted appropriations. Therefore, revenue and expenditure analysis incorporates two perspectives:

1. Comparison of budget-to-actual to determine whether budgeted revenue forecasts are expected to be achieved or expenditure budgets are expected to be exceeded; and
2. Comparison of current year revenues and expenditures to the same period for the prior fiscal year to determine whether the observed deviations in budget-to-actual are typical of timing trends in the revenue and expenditure categories.

Significant deviations within those two views are addressed in this report.

#### *Capital Projects*

Capital projects are typically multi-year projects that are budgeted in advance, or “front-loaded”, to ensure that funds will be available through project completion. As a result, it is common that capital expenditures appear to lag significantly as compared to budget. Departments routinely review project status as a better measurement of performance related to capital projects. Within this quarterly financial report, recently completed and newly started capital projects are highlighted.

#### *Update: Potential Fiscal Impacts Resulting from Federal or State Legislative/Judicial Actions*

Legislative or judicial items are monitored for financial impacts; recent developments or pending items are described below.

- **Wayfair Ruling:** In June 2018, the United States Supreme Court ruled in *South Dakota v. Wayfair, Inc.* that a company’s physical presence in a state is not necessary to assess tax on the sale of goods. Following this ruling, the State of California stated that the California use tax will apply to retailers whose prior calendar year sales in California exceed \$200,000 or the number of separate transactions is 200 or more. Subsequently, AB147 was passed which makes the following essential changes to the Wayfair implementation:
  - Sales threshold increased to \$500,000; no transaction threshold.
  - Ensures that retailers will also collect local transaction and use taxes.

No revenue forecasts related to this tax are available at this time due to the unknown demographics of the out-of-state retailers.

- **State Funding for Homeless Issues:** Governor Newsom released a revised FY 2019/20 budget proposal for the State of California in May 2019, which included \$1 billion in spending on homeless issues. The revised budget proposes a one-time infusion of \$650 million in grants to support local governments and regional homelessness agencies. \$275 million of the \$650 million in grants would go directly to the thirteen largest cities in California, which includes the City of Riverside. Also in May 2019, Governor Newsom announced the formation of a Homeless and Supportive Housing Advisory Task Force to “guide the creation of joint regional plans to address homelessness, including highlighting best practices and model programs at the local level.”

## General Fund

The General Fund’s FY 2018-2020 adopted budget is balanced over two years, with a projected \$1.2 million savings in FY 2018/19 intended to offset a projected shortfall of \$1.2 million in FY 2019/20. The General Fund Five-Year Financial Plan included in the published budget document projected deficits of \$15 to \$18 million in each of the following three years, largely attributable to rising pension costs.

As of June 30, 2018, the General Fund carries a 19% reserve balance.

On December 11, 2018, the City Council approved the General Fund carryforward of \$2.0 million unexpended FY 2017/18 appropriations to FY 2018/19 to fund the Citywide Geographical Information System (GIS) project, and a set-aside of \$4.5 million for the long-term management of CalPERS costs.

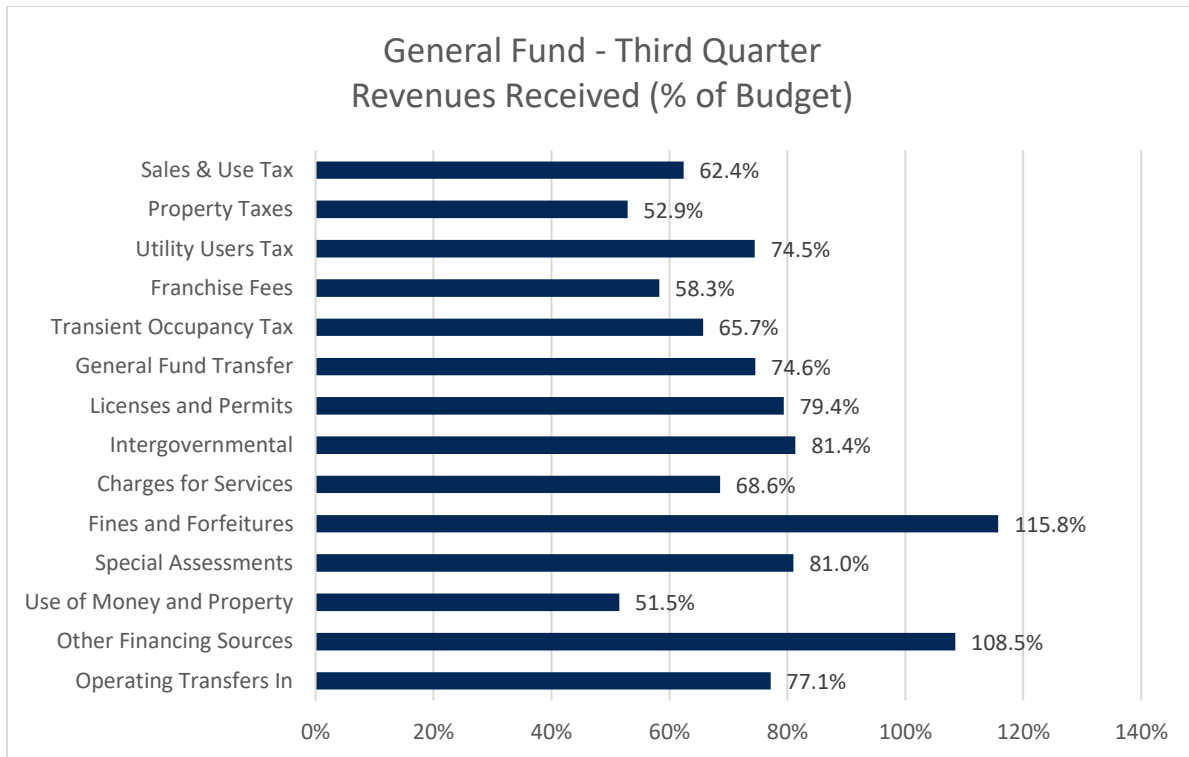

On May 21, 2019, the City Council approved the establishment of a Section 115 Pension Trust Fund for the long-term fiscal management of pension costs. The trust will be established with the \$4.5 million of savings set aside from the prior fiscal year.

The FY 2018/19 Third Quarter analysis projects total General Fund revenues to come in as estimated and expenditures to remain within their approved appropriation limits. Proposed adjustments to revenue and expenditure forecasts are identified in the following analysis and result in no net impact to the General Fund.

## *Revenue Analysis*

The Third Quarter analysis reveals that General Fund revenues in total are expected to meet projections. Revenue adjustments are recommended for revenues categories that are likely to deviate from revenue forecasts by fiscal year-end based on performance to date; total revenue adjustments for the General Fund net to zero.

The chart below shows General Fund revenues received as a percentage of the budget for each major revenue category. At third quarter end, General Fund operating revenues are 65.4% of total budgeted revenues. Actual revenues at third quarter end are approximately \$500,000 higher than the same period last fiscal year.

For each revenue category, budget-to-actual results that are lower than normally experienced at third quarter end, projected not to meet revenue forecasts, or are recommended to be adjusted are described below.

- Sales Tax:** Sales Tax is performing strongly, but the exact impact of the reporting changes at the State level on current year performance is unknown. Retroactive sales tax payments were received in the third quarter, following a second quarter estimate which projected a shortfall of \$850,000 as compared to budget. As of the third quarter, actual sales tax receipts are 10% higher than prior year for the same period, although the current economy does not support this degree of growth. Autos & transportation and building construction vendors performed better than anticipated, while general consumer goods showed weak holiday returns. Incorporating third quarter returns, HdL, the City’s sales tax consultant, now projects potential \$3 million over budget. However, given the volatility of current year performance, City staff recommends a conservative adjustment in the revenue forecast of \$1.5 million.
- Intergovernmental:** Revenues in this category are often a product of unpredictable but reimbursable events, such as Mutual Aid provided by the Fire Department to other agencies. As of the third quarter, the Fire Department has incurred reimbursable Mutual Aid costs of \$1.9 million. Staff recommends increasing Mutual Aid revenue by \$1.1 million to align estimated revenues with reimbursable expenditures already incurred.

Crossing Guard Services with Alvord and Riverside School Districts was estimated to bring in \$200,000 in FY 2018/19; however, representatives from the City and school districts are still in discussions and an agreement has not been met. If an agreement is reached before year-end, revenue will only be received for the remaining months of the fiscal year. Therefore, a reduction of \$150,000 is recommended for this item, for a net revenue increase of \$950,000 in the revenue category as a whole.

- Charges for Services:** Charges for Services continue to trend lower than forecasted and

as compared to the prior year; staff recommends a reduction in the forecast of \$350,000. The largest underperforming revenues include Fire Prevention, due to the reclassification of restricted revenues to the new fund *Grants and Restricted Funds*, and Fire Inspection Fees, due to a system upgrade and delayed billing.

- Use of Money and Property:** Use of Money and Property was forecasted based on historical trends; however, this revenue category includes many one-time revenues that are not certain to repeat each fiscal year, including the receipt and transfer of revenue deposits, donations, grants, and Asset Forfeiture funds into the General Fund. Based on current year activity and revised projections, this revenue forecast will be reduced by \$1 million.

A summary of third quarter adjustments to revenue forecasts is as follows:

Summary of Third Quarter Revenue Adjustments				
Revenue Category	Amended Budget <sup>1</sup>	Recommended Adjustments	Revised Budget	% Revised
Sales Taxes	\$ 65,504,489	\$ 1,500,000	\$ 67,004,489	2.3%
Intergovernmental	1,856,184	950,000	2,806,184	51.2%
Charges for Services	17,395,143	(350,000)	17,045,143	(2.0%)
Use of Money and Property	5,195,734	(1,000,000)	4,195,734	(19.2%)
<b>Total</b>	<b>\$ 89,951,550</b>	<b>\$ 1,100,000<sup>2</sup></b>	<b>\$ 91,051,550</b>	<b>1.2%</b>

<sup>1</sup> Includes the adopted budget and budget adjustments to date.

<sup>2</sup> Fully offset by supplemental appropriations in reimbursable expenditures.

### Expenditure Analysis

Each quarter, departments perform an internal analysis of budget-to-actuals and report areas of concern and mitigating actions to the Budget Office. The Budget Office also performs an independent analysis that focuses on anomalies or deviations from historical trends. Currently, no areas of concern have been reported or identified that require intervention.

At the end of the third quarter, spending in the General Fund is less than 75% of the total budget. The following chart presents total expenditures to date as a percentage of Total Budget, excluding capital projects and grants. "Total Budget" includes the adopted budget, open FY 2017/18 purchase orders carried forward to FY 2018/19, the approved carry-over of unexpended FY 2018/19 funds, budget transfers, and Council-approved supplemental appropriations. All supplemental appropriations approved to date are listed in Attachment 2.

For each expenditure category, budget-to-actual results that are higher than normally experienced at third quarter end, projected to exceed appropriations, or are recommended to be adjusted are described below.

- Personnel:** As a part of the Statewide Mutual Aid System, the Fire Department incurs reimbursable costs for the deployment of firefighters to emergency incidents. While a nominal budget is included in the adopted budget to provide for related costs, actual costs are unpredictable. For FY 2018/19, the department exceeded its initial Mutual Aid budget by \$1.1 million due to high fire activity statewide. Staff recommends a supplemental appropriation of \$1.1 million in the Mutual Aid budget, fully offset by an increase to estimated revenues and resulting in a zero net impact to the General Fund.
- Capital Construction and Improvements:** There are no concerns in this category. The expenditures of this category are interchangeable with the Grants and Capital Projects and the Capital Purchases categories. Individual line item budgets within these three categories may end over or under budget, depending on the nature of items purchased and their required accounting methodology. Across all three categories, 46% of budgeted expenditures have been spent as of the end of the third quarter.
- Operating Transfers Out:** In the third quarter, the operating transfer from the General Fund (Fund 101) to the General Capital Fund (Fund 401) for the Citywide Geographical Information System (GIS) project was recorded in full, causing this category to be 80% spent at third quarter end. There are no concerns with this expenditure category.

Summary of Third Quarter Expenditure Adjustments				
Expenditure Category	Amended Budget <sup>1</sup>	Recommended Adjustment	Revised Budget	% Revised
Personnel	\$ 217,743,582	\$ 1,100,000	\$ 218,843,582	0.5%
<b>Total</b>	<b>\$ 217,743,582</b>	<b>\$ 1,100,000<sup>2</sup></b>	<b>\$ 218,843,582</b>	<b>0.5%</b>

<sup>1</sup> Includes the adopted budget and budget adjustments to date.

<sup>2</sup> Fully offset by revenue reimbursement.

## Measure Z

The FY 2018-2023 Measure Z Spending Plan was approved by the City Council on June 12, 2018, with the adoption of the FY 2018-2020 Two-Year Budget. The spending plan continued the tenets and spending items of the original spending plan adopted in May 2017 and added funding for Fire personnel and equipment; furnishing, fixtures and equipment for the Arlington Youth Innovation Center (AYIC); and funding for the City’s recreational swimming pools. The Spending Plan was updated in November 2018 to reflect actual FY 2017/18 tax revenues recorded and resulted in an increase in future revenue forecasts, including a revised revenue projection of \$56.6 million for FY 2018/19.

Since November 2018, Measure Z revenues have continued to outperform initial projections. Staff recommends increasing the FY 2018/19 revenue projection to \$58 million based on continued performance and updated projections from HdL, the City’s sales tax consultant.

Summary of Third Quarter Revenue Adjustments				
Revenue Category	Amended Budget <sup>1</sup>	Recommended Adjustment	Revised Budget	% Revised
Sales Taxes	\$ 56,560,000	\$ 1,440,000	\$ 58,000,000	2.5%
<b>Total</b>	<b>\$ 56,560,000</b>	<b>\$ 1,440,000</b>	<b>\$ 58,000,000</b>	<b>2.5%</b>

<sup>1</sup> Represents the November 2018 updated revenue projection.

Measure Z spending is inconsistent due to the nature of the items funded. Accomplishments reported in the Quarterly Performance Report published by the City Manager’s Office provide an informative picture of the use of Measure Z funds and progress of the spending items (Attachment 1-C). A chart of actual spending by major spending category as compared to total budget is presented below.

Measure Z is funding some spending items through debt; payment of debt obligations are provided for in the Measure Z Spending Plan, while the use of debt proceeds is tracked separately. The chart above does not include the use of debt proceeds.

On May 21, 2019, the City Council authorized the issuance of Series 2019B Tax Exempt Lease Revenue Bonds in an aggregate principal amount not to exceed \$43,000,000 to finance construction of the new Main Library Project. Debt payments are expected to begin in FY 2019/20; upon issuance of the debt and receipt of the debt payment schedule, the Measure Z Spending Plan will be updated to reflect the actual annual debt obligations. Currently, the Measure Z Spending Plan includes approximately \$3.8 million in annual debt payments; actual debt payments are expected to be approximately \$3.1 million.

### *Capital Projects*

Projects funded by Measure Z completed in the third quarter include:

- **City Buildings Deferred Maintenance (Spending Item #28):** The projects listed below were completed as part of the larger *City Buildings Deferred Maintenance* project listed in the 2018-23 Capital Improvement Program.
  - Urban Search and Rescue Warehouse – Lights upgraded throughout.
  - Fire Stations 6, 13, 14 – Exterior lighting upgraded.
  - Fire Station 8 – Replaced windows; replaced heating, ventilation, and air conditioning (HVAC) system.
  - Fire Station 10 – Replaced windows; painted exterior; installed new carpet.
  - Lincoln Police Station – Replaced carpet in front office; painted roll call room/hallways; installed new countertops in roll call room; painted outside trim/gates.
  - Police Department Aviation – Replaced two HVAC systems.
  - City Hall – Upgraded security controls; added video access to the parking structure.

Projects funded by Measure Z started in the third quarter:

- **Downtown Main Library (Spending Item #23):** On February 5, 2019, the City Council approved a bid award for approximately \$38 million to construct the new Main Library. Construction began in March 2019, with completion scheduled for summer 2020. Mobilization, permitting process, demolition and grading activities started the week of March 14, 2019. Utilities installation, concrete foundation and structural steel will follow in the next six months.

### *Subsequent Council Actions*

As of the submission date of this report, the City Council has taken the following actions related to Measure Z:

- On April 2, 2019, the City Council approved a Measure Z Reserve policy to retain a minimum of \$5 million in fund reserves. The reserve has been added to the updated Measure Z Spending Plan (Attachment 1A).
- On April 2, 2019, a one-time allocation of approximately \$3.5 million in FY 2018/19 for the Public Safety and Engagement Team Program. (Spending Item # 39)
- On April 23, 2019, a one-time allocation of \$99,220 for phase 1 design services for the Museum renovation. (Spending Item # 26)
- On April 23, an annual allocation of \$1.5 million for street projects for FY 2017/18 through 2022/23. (Spending Item # 29)
- On May 14, 2019, a one-time allocation of \$3.5 million for street projects for FY 2018/19. (Spending Item # 29)

*Updated Measure Z Spending Plan*

An updated Measure Z Spending Plan, inclusive of the revised revenue forecast and Council actions listed above is provided in Attachment 1A. A table of FY 2018/19 Measure Z spending to date is included in Attachment 1B. Completed accomplishments and progress on spending items are included in the Third Quarter Performance Report (Attachment 1C).

The following summary of the Measure Z Spending Plan includes:

- FY 2016/17 and FY 2017/18: Actual revenues; allocations of those revenues (inclusive of actual spending, open FY 2017/18 purchase orders carried forward to FY 2018/19, and the approved carry-over of unexpended FY 2017/18 funds); and fund balance at the respective fiscal year end.
- FY 2018/19: Projected revenues; allocations of those revenues by Council action, as of May 24, 2019; and projected fund balance at June 30, 2019. It is critical to note that the projected fund balance is entirely dependent upon revenues coming in as projected, at \$58 million.

Category	FY 2016/17 Allocations	FY 2017/18 Allocations	FY 2018/19 Allocations
Revenue	\$12,606,428	\$56,222,806	\$58,000,000
Spending Allocations	9,973,447	46,624,826	57,653,903
<b>Net Change in Fund Balance</b>	<b>2,632,981</b>	<b>9,597,980</b>	<b>346,097</b>
Fund Balance Reserve	-	-	5,000,000
<b>Fund Balance</b>	<b>\$2,632,981</b>	<b>\$12,230,961</b>	<b>\$7,577,058</b>

Sewer Fund

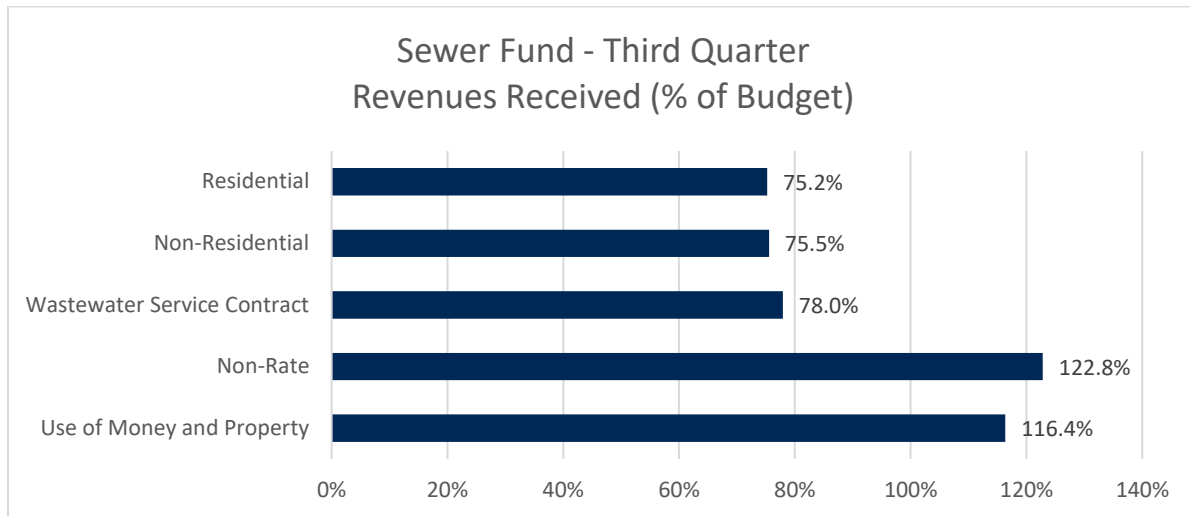

The overall financial position of the Sewer Enterprise fund is good and is operating in accordance with the 2016 Sewer Fund Reserve Policy objectives. Revenue and expenditures are tracking in line with the Sewer Fund financial model and 5-year plan projections. Although the revenue outlook is positive, it should be noted the Wastewater Division is requesting a \$2.5 million supplemental appropriation from the Sewer Enterprise Fund Balance in order to process a refund owed to the Jurupa, Rubidoux, Edgemont Community Services Districts (CSDs).

Recent refinancing of the 2009A Sewer Revenue Bonds and aggressive management of expenditures have bolstered the Sewer Fund’s stable financial position in the current fiscal year. In addition, the Public Works Wastewater Division is in the process of completing the Wastewater Treatment and Collection Master Plan Update project, which includes a comprehensive financial and cost of service analysis and evaluation of various rate structure alternatives for consideration. The outcome of this study will inform future rate discussions.

*Revenue Analysis*

The Third Quarter revenue analysis reveals that overall revenues are slightly above the projected budget and tracking at 77.96%. Projected revenues overall are trending 2.4% above revenue forecasts. This includes a 0.5% increase in wastewater rate revenue and a 1.9% increase in non-rate categories, such as connection fees and/or fines for violations. We are projecting total

revenues will exceed expenditures by the end of FY 2018/19 by approximately \$1.4 million.

For each revenue category, budget-to-actual results that are lower than normally experienced at third quarter end, projected not to meet revenue forecasts, or are recommended to be adjusted are described below.

- Wastewater Service Contracts:** Although the wastewater contracts appear to exceed projections, they will be reconciled and any potential reimbursements will be accrued at the end of FY 2018/19.
- Use of Money and Property:** Interest returns are expected to exceed projections by 16% for FY 2018/19 due to a rebalancing of the investment portfolio. Cash with fiscal agent was redirected to investment vehicles that produce a higher rate of return.

*Expenditure Analysis*

Overall expenditures are tracking at 84.05% of total budget but that is mostly due to Debt Service payments that were paid early in the fiscal year. Based on current projections, 94% of expenditures are expected to be spent by the end of FY 2018/19.

For each expenditure category, budget-to-actual results that are higher than normally experienced at third quarter end, projected to exceed appropriations, or are recommended to be adjusted are described below.

- **Debt Service:** Currently at 97.7% of budget due mainly to large payments made in the 1<sup>st</sup> quarter of the fiscal year. Expected to be on target by the end of the fiscal year.
- **Charges to Others:** On February 19, 2019, the City Council approved a Memorandum of Understanding (MOU) between the Sewer Fund and Water Fund. The Water Fund will make five annual payments of \$750,000 to the Sewer Fund for recycled water system improvements at the Riverside Regional Water Quality Control Plant, which will benefit the Water Fund. Expenditures are currently at 70.2% of budget since the current fiscal year’s \$750,000 charge to RPU under the Recycled Water MOU has not been realized.

*Supplemental Appropriation Request: \$2.5 million*

The Wastewater Division is requesting a \$2.5 million supplemental appropriation from the Sewer Enterprise Fund Balance in order to process a refund owed to the Jurupa, Rubidoux, Edgemont Community Services Districts (CSDs). Wastewater from the City of Riverside and the communities of Jurupa, Rubidoux, Edgemont, and Highgrove is treated at the Regional Water Quality Control Plant (RWQCP). There are existing Wastewater Service Agreements and billing methods in place between the City of Riverside and the CSDs. Specifically, the CSDs are billed based on estimated operation and maintenance expenses to treat wastewater. At the end of each fiscal year, the estimated and actual charges are reconciled and as a result, refunds for overpayments or debits for shortfalls are issued to each of the CSDs.

The requested \$2.5 million supplemental appropriation is needed to reimburse the CSDs, as specified in our Wastewater Service Agreements, for overpayments made during fiscal years 2016/17 and 2017/18. Ongoing litigation with the Rubidoux Community Services District has complicated the CSD reconciliation process and has held up reimbursement. Recently on April 3, 2019, the CSD Regional Advisory Committee (RAC) approved a temporary billing method to move forward with the reimbursements for FY 2016/17 and 2017/18. Consequently, Sewer Fund revenue was overstated by \$2.5 million spanning the previous two fiscal years due to the reimbursements that were being held until the RAC was given the opportunity to vote on the reimbursement amounts.

## Capital Projects

Projects completed in the third quarter:

- **Water Quality Control Plant (WQCP) - Exterior Painting:** The WQCP completed a major modernization project which included the construction of several new buildings and the installation of new equipment. Many existing buildings and structures that were not included in the Phase I Plant Expansion Project, were in need of a fresh protective exterior coat of paint. The Exterior Painting Project was completed on time and within budget.
- **WQCP-Design/Build Services for the Rehabilitation/Replacement of Blower No.2:** Blower No. 2 supplied up to 12,000 cubic feet per second of air to the WQCP's aeration basins and replaced the 700 horsepower turbocharged blower with a new high efficiency 600 horsepower turbocharged blower. Installation of the blower is part of the mandated National Pollutant Discharge Elimination System (NPDES) Permit.
- **WQCP-Administration Building HVAC System Phase I:** The 150-ton Absorption/Condenser and Water Cooled Chiller Unit was at the end of its 20-year useful life and needed to be replaced as parts were no longer being manufactured. A new 250-ton air-cooled unit was installed by a Design/Build procurement process. The unit supplies cold condition air for the Administration Building offices and a state certified testing laboratory.

Projects started in the third quarter:

- **WQCP-HVAC System for the 12kV Electrical Switchgear Building:** This project will install a 5-ton air conditioning unit for the main 12kV switchgear building for the plant. Temperatures in the summer can reach up to 130 degrees inside the building, which deteriorates the high voltage components and can lead to a potential power outage. This project will be completed by Fall 2019.
- **WQCP-Activated Sludge Treatment Rehabilitation 19 12-inch Plug Valves:** This project will replace nineteen 12-inch plug valves that are more than 20 years old. This project will be completed by Fall 2019.
- **Fairmount Park Sewer Rehabilitation:** This project consists of the installation of a CIPP liner in an existing 18-inch VCP sewer main and rehabilitation of manholes on the same pipeline.
- **Miscellaneous:** Replacement of existing sewer mains on Bergamont Drive, Via Vista Drive, California Avenue, and Canterbury Road are currently under construction and will be completed by Fall 2019. Installation of sewer laterals are under construction at 6160 and 6162 Bluffwood Drive and rehabilitation an existing 8-inch sewer main.

## Refuse Fund

On December 18, 2018, the City Council approved a mid-year rate adjustment effective January 1, 2019, and an amendment to the existing waste processing agreement. Service revenue forecasts have been updated based on third quarter performance, and sufficient expenditure savings exist to cover the increase waste processing costs. The increase in revenue will offset the loss of revenue from Street Sweeping Fines as described below. As a result of these

adjustments, there is a slight improvement in projected FY 2018/19 performance in the Refuse Fund: the adopted budget projected a \$2.2 million draw on cash reserves for FY 2018/19; the revised projections produce a \$1.7 million draw on cash reserves. In addition, Public Works has retained a consultant to perform a comprehensive review of refuse operations to optimize services and cash flow.

*Revenue Analysis*

The chart below shows Refuse Fund revenues received as a percentage of the budget for each major revenue category. At third quarter end, 72% of total budgeted revenues have been received as of the end of the third quarter. Actual revenues at third quarter end are approximately \$839,000 lower than the same period last fiscal year.

For each revenue category, budget-to-actual results that are lower than normally experienced at third quarter end, projected not to meet revenue forecasts, or are recommended to be adjusted are described below.

- **Residential – City Service:** As a result of the rate increase effective January 1, 2019, and recent revenue performance, the revenue forecast for this category will be increased by \$498,000.
- **Residential – City Service:** As a result of the rate increase effective January 1, 2019, and recent revenue performance, the revenue forecast for this category will be increased by \$315,000.
- **Programs (Administrative Fees):** As a result of the rate increase effective January 1, 2019, and recent revenue performance, the revenue forecast for this category will be increased by \$699,000.
- **Fines & Forfeitures:** The revenue forecast of \$1.2 million, consistent with historical activity, will not be achieved as a result of an unplanned Street Sweeping Sign replacement project which began in August 2018 and is ongoing. The revised forecast projects \$285,000 total revenue from Street Sweeping fines in FY 2018/19. Therefore, the revenue budget for this category will be reduced by \$1,014,000 for FY 2018/19. As the signs are replaced within the service routes, parking enforcement citations will resume. Revenue increases in other categories will offset this revenue loss.

Summary of Third Quarter Revenue Adjustments				
Revenue Category	Amended Budget <sup>1</sup>	Recommended Adjustments	Revised Budget	% Revised
Residential – City Service	\$ 11,787,873	\$ 498,000	\$ 12,285,873	4.2%
Residential – Private Service	4,276,036	315,000	4,591,036	7.4%
Programs	5,385,406	699,000	6,084,406	13.0%
Fines and Forfeitures	1,207,200	(1,014,000)	193,200	-84.0%
Use of Money and Property	397,120	-	397,120	0.0%
<b>Total</b>	<b>\$ 23,053,635</b>	<b>\$ 498,000</b>	<b>\$ 23,551,635</b>	<b>2.2%</b>

<sup>1</sup> Includes the adopted budget and budget adjustments to date.

### Expenditure Analysis

The chart below shows Refuse Fund expenditures as a percentage of the budget for each major expenditure category. At third quarter end, actual expenditures are 64.5% of total budgeted expenditures. Overall, projected expenditures are tracking at 97.3% of total budget and demonstrate the Refuse Fund is on track to meet budgeted expenditure targets.

For each expenditure category, budget-to-actual results that are higher than normally experienced at third quarter end, projected to exceed appropriations, or are recommended to be adjusted are described below.

- Charges to Others:** Third quarter actuals are currently at 81.0% of budget. The overage is mainly due to Refuse staff assisting with Street Sweeping staff in operating the Roll-off truck to place and remove street sweeping bins throughout the City.

### Riverside Public Utilities (RPU)

For the Electric and Water Funds, capital projects are budgeted on a program basis with many active projects in progress at the same time, ranging from less than \$50,000 in size to multi-million dollars in major projects that require Board of Public Utilities (Board) approval. Major capital projects require several months, and in certain cases cross fiscal years or span multiple fiscal years to complete. The total budget will not be fully spent for any given year due to the timing of

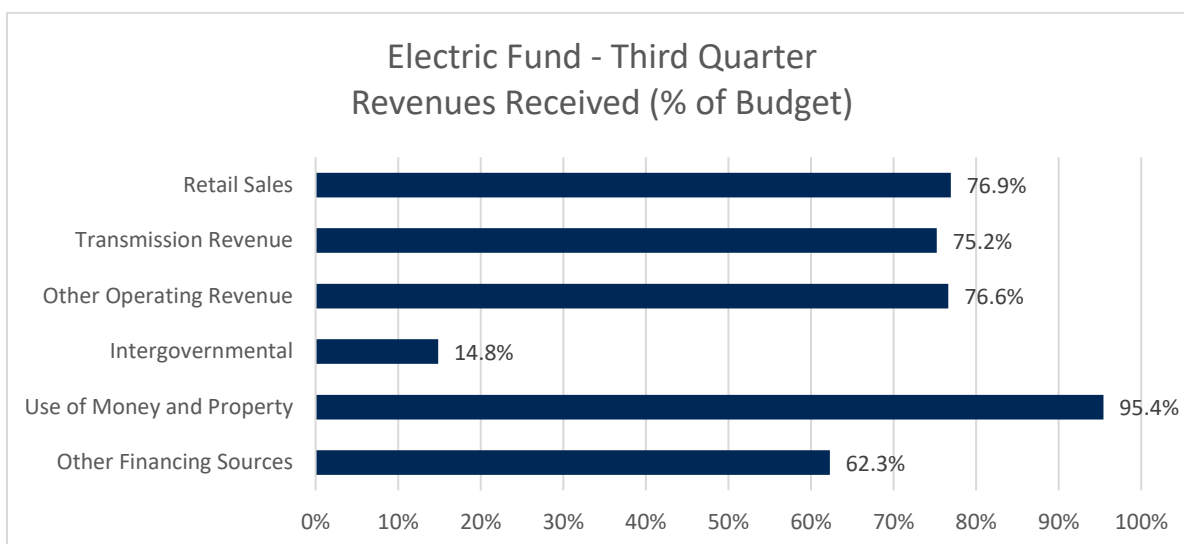

projects and extenuating circumstances that may cause a project to be delayed.

**Electric Fund**

The third quarter analysis of the Electric Fund shows actual revenues and expenses are trending on target as amended. A supplemental appropriation for power supply budget was presented to the Board on April 22, 2019 and approved by City Council on May 7, 2019 due to unanticipated increase in power supply costs. Capital projects are progressing consistently with the Capital Improvement Program (CIP).

*Revenue Analysis*

Overall, Electric revenues are trending at 77% of total budget at March 31, 2019 due to higher retail sales in the first quarter of the fiscal year for the summer season. Weather can significantly impact retail revenues, which will be monitored throughout the remainder of FY 2018/19.

For each revenue category, budget-to-actual results that are lower than normally experienced at third quarter end, projected not to meet revenue forecasts, or are recommended to be adjusted are described below.

- **Intergovernmental:** Grant funded projects have been delayed due to the current transition of the sustainability work efforts from RPU to a citywide sustainability program.
- **Use of Money and Property:** This revenue category represents non-operating revenues such as interest income, rental income, and miscellaneous one-time receipts that are not received evenly throughout the year. Actuals through March 2019 are at 95.4% of total budget, primarily due to higher than anticipated interest earnings on investments and a settlement recovery of \$715,000 from San Onofre Nuclear Generating Station.
- **Other Financing Sources:** This revenue category is primarily comprised of proceeds from sale of salvage materials and damage claim recoveries, which are unpredictable and not received evenly throughout the fiscal year.

*Expenditure Analysis*

At March 31, 2019, Electric Fund expenditures, excluding capital projects, are trending slightly

lower than 75% of the total budget. Power supply costs within non-personnel are expected to trend higher than the adopted budget for power supply through the remainder of FY 2018/19.

For each expenditure category, budget-to-actual results that are higher than normally experienced at third quarter end, projected to exceed appropriations, or are recommended to be adjusted are described below.

- Non-Personnel:** Due to higher than expected power supply costs as a result of higher than anticipated consumption, market energy prices, and natural gas prices, power supply expenditures are projected to be higher than the power supply adopted budget by the end of the fiscal year. A supplemental appropriation of \$7 million for power supply budget was presented to the Board on April 22, 2019 and approved by City Council on May 7, 2019. The increase in power supply costs is expected to be offset by savings in other operating budget line items with any difference to be covered by Electric Unrestricted, Undesignated Cash Reserve.
- Capital Construction & Improvements:** Actual capital expenditures of 15.8% through March 31, 2019 are on track with the CIP plan. Consistent with the Utility 2.0 initiatives, areas of focus have been on electric system reliability and aging infrastructure replacement. The Electric Fund spent 15.8% (\$24 million) of its total CIP budget for the first nine months of the fiscal year, comprising of the various CIP categories. The Electric Fund currently projects to spend an additional 10% (approximately \$15 million) for the balance of FY 2018/19 based on the various stages of its capital projects.
- Debt Service:** Debt service is higher than 75% at March 31, 2019 primarily due to the annual principal payments made on bonds in October 2018. Total debt service is expected to be within total budget at year-end.
- Charges to Others:** Charges to Others primarily represent the charge out of internal labor and overhead costs to capital projects. This category is trending higher than expected due to an increase in capital project work. This trend is expected to continue for the remainder of the fiscal year.

### Capital Projects

The Electric Fund completed capital improvements during the first nine months of FY 2018/19 that focused on the three major infrastructure replacement categories of Overhead, Underground and Substation which are part of Utility 2.0 initiatives. Completed projects in these categories benefit system reliability and mitigate the potential for widespread, prolonged customer outages.

Projects completed during Third Quarter of FY 2018/19:

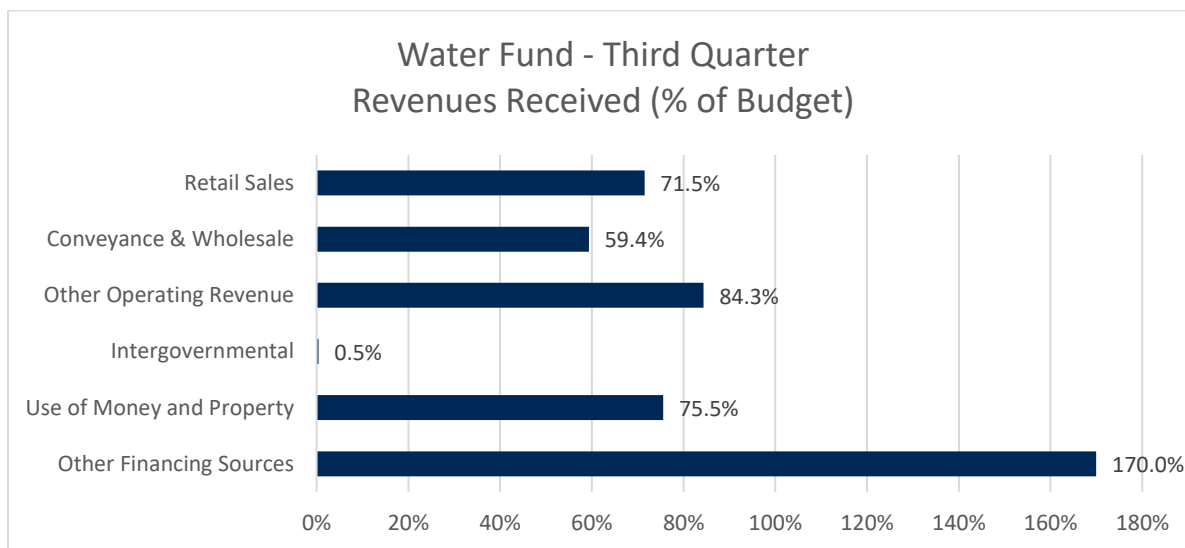

- Control Power Improvements for RERC Control House
- Multiple Substation Safety Signage
- La Colina Substation Battery and Battery Charger Upgrades
- La Colina Substation Line Relay Replacement Project
- University Substation Switchgear 3-4 Air Conditioning Upgrade
- SPCC (Spill Prevention, Control, and Countermeasure) Plan Update
- Magnolia Circuit 46, Plaza Circuit 450 4-12kV Conversion

### Water Fund

The third quarter analysis of the Water Fund shows actual revenues and expenses are trending lower than anticipated. Capital projects are progressing consistently with the CIP.

#### Revenue Analysis

Overall, Water revenues are trending at 65% of total budget at March 31, 2019, which is less than anticipated primarily due to lower than expected retail sales resulting from higher than anticipated precipitation. Weather, including precipitation, can significantly impact retail revenues, which will be monitored throughout the remainder of FY 2018/19.

For each revenue category, budget-to-actual results that are lower than normally experienced at third quarter end, projected not to meet revenue forecasts, or are recommended to be adjusted are described below.

- **Retail Sales:** Projected retail sales were expected to be at 75.5% of total budget through March 2019. Actuals are lower at 71.5% of total budget due to higher than anticipated precipitation from October through March. Retail revenues can be significantly impacted

by weather, including precipitation, and will be monitored throughout the remainder of FY 2018/19.

- **Conveyance and Wholesale:** Sales and deliveries to Western Municipal Water District (WMWD) have been reduced due to infrastructure repairs, upgrades by WMWD and less demand from WMWD resulting in lower revenues at 59.4% of Annual Budget.
- **Intergovernmental:** The annual budget includes grant funded projects that are either completed with no further revenue being recovered or have not yet begun.
- **Other Financing Sources:** This revenue category primarily comprises of proceeds from sale of salvage materials and damage claim recoveries, which are unpredictable and not received evenly throughout the fiscal year.

*Expenditure Analysis*

At March 31, 2019, Water Fund expenditures, excluding capital projects, are less than 75% of the total budget. This trend is expected to continue for the remainder of FY 2018/19.

For each expenditure category, budget-to-actual results that are higher than normally experienced at third quarter end, projected to exceed appropriations, or are recommended to be adjusted are described below.

- **Capital Construction & Improvements:** Actual capital expenditures of 43% through March 31, 2019 are on track with the CIP plan. Consistent with the Utility 2.0 initiatives, areas of focus have been on water system reliability and aging infrastructure replacement. The Water Fund spent 43% (\$15.7 million) of its total CIP budget for the first nine months of the fiscal year, comprising of the various CIP categories. The Water Fund currently projects to spend an additional 18% (approximately \$6.3 million) for the balance of FY 2018/19 based on the various stages of its capital projects.
- **Debt Service:** Debt service is higher than 75% at March 31, 2019 primarily due to the annual principal payments made on bonds in October 2018. Total debt service is expected to be within total budget at year-end.

## Capital Projects

Installation of recycled water infrastructure benefits all of RPU customers by freeing up water supply through making recycled water available for landscaping and irrigation needs. Installation of new mains provide water to new customers and support the City's development and growth. Pipeline and distribution facilities replacements along with well rehabilitations help address aging infrastructure and improve system reliability to maintain RPU's high level of service to its customers.

Projects completed during Third Quarter of FY 2018/19:

- Completion of the Jackson Street Recycled Water Pipeline Project – Phase I
- Completion of the Magnolia Techite Pipeline Replacement Project (Pipeline only; pressure reducing station is still under construction)
- Completed 212 service lateral replacements
- Completed 20 fire hydrant replacements
- Completed 1 valve replacements
- Replaced 3 booster pumps/motors and rebuilt 4 booster pumps/motors
- Replaced 523 small meters, 8 large meters, and performed 86 large meter calibrations.

## Other Funds

Although other funds are not routinely reported in quarterly financial reports, all City funds are reviewed and notable items or issues are reported. In the third quarter analysis, the following was noted:

**Public Parking Fund:** At the end of the third quarter, revenues are at 62.6% of budget. Parking fines are 29.4% of budget due to an unplanned Street Sweeping Sign replacement project that began in August 2018 and is ongoing. The revenue budget for Parking Fines will be reduced by a net \$762,000 for FY 2018/19: Parking Fines revenue reduction of \$1,471,000, partially offset by a reduction in revenue transfers to the Refuse Fund for Street Sweeping Parking Fines of \$709,000. Refuse revenues are also reduced, as previously described in this report. As the signs are replaced within the service routes, parking enforcement citations will resume. Garage 7 (Fox) revenues and metered parking revenues are also expected to fall short, but revenues in other areas are expected to offset those shortfalls. The adopted budget projected a use of cash reserves of approximately \$340,000; with projected expenditures savings of \$653,000 offsetting some revenue reductions, the fund appears to be in line with the projection.

## Interfund and Interdepartmental Transfers; Supplemental Appropriation Requests

Riverside Municipal Code Sec. 1104 requires the affirmative vote of at least five City Council members to authorize the transfer of appropriations between City funds and to authorize supplemental appropriations. Certain interfund or interdepartmental transfers are required to effectuate the intent of previous actions of the City Council, the impacts of which may not be known at the time the action is taken. Other transfers are requested by departments for operational purposes.

Although interfund transfers usually have a net-zero impact on the Citywide budget, a Transfer In is a revenue account and a Transfer Out is an expenditure account that requires an accompanying supplemental appropriation. The transfers and supplemental appropriations recommended for Council approval are summarized below; the fund and department-level details are provided in Attachment 2.

- **General Fund \$3.1 Million Interfund Transfer to Grants and Restricted Programs Fund, fully offset by revenues:** As part of the General Fund restructuring outlined in the First Quarter Report, grants and restricted funds are being transferred out of the General Fund and into new or existing funds. A listing of all activity to date is provided in Attachment 2.
- **General Fund \$1.1 Million Supplemental Appropriation, fully offset by revenues:** The Fire Department incurs costs when Riverside fire fighters are deployed to assist other agencies. A supplemental appropriation will align the Fire Department's Mutual Aid budget with related costs incurred to date. Since all Mutual Aid expenses are fully reimbursable, an offsetting increase to Mutual Aid estimated revenues will result in a net zero impact to the General Fund.
- **Measure Z Operating Fund \$99,220 Interfund Transfer and corresponding Supplemental Appropriation:** On April 23, 2019, City Council approved a supplemental appropriation for design services for the Riverside Metropolitan Museum (Museum) using Measure Z Capital funds. However, the Measure Z Capital Fund does not earn revenues; capital projects are funded via a transfer of resources from the Measure Z Operating Fund. A transfer and corresponding supplemental appropriation of \$99,220 from the Measure Z Operating Fund to the Measure Z Capital Fund is required to effectuate the capital appropriation previously approved by Council.
- **Debt Service Fund \$2,000 Supplemental Appropriation:** A budgeting error was noted in which the debt service fund charged Community Service Districts for activities no longer provided. Because Charges to Others is an expenditure reimbursement account, the removal of the charge will result in an increase in appropriations for the Debt Service Fund.
- **Debt Service Fund \$3.6 million Interfund Transfer and corresponding Supplemental Appropriation; General Fund \$104,892 supplemental appropriation fully offset by a Transfer In; an expenditure reduction of \$11,713 in the Measure Z Operating Fund:** In September 2017, the City received capital lease proceeds intended primarily for the purchase of Fire vehicles under the Measure Z Spending Plan. At June 30, 2018, a residual \$3,459,823 remained in the Debt Service Fund. On April 10, 2018, Council approved the use of \$104,892 of capital lease proceeds for the purchase of an aerial man-lift in the amount of \$104,892, with related debt payments to be paid by the General Fund. A supplemental appropriation is required to transfer the capital lease proceeds from the Debt Service Fund to the General Fund and Measure Z Fund, and to appropriate capital lease proceeds in the General Fund for the purchase of the aerial man-lift. Measure Z debt service is reduced by the amount related to the purchase of the aerial lift.
- **Sewer Fund \$2.5 Million Supplemental Appropriation:** The Wastewater Division is responsible for the collection and treatment of wastewater flows generated within the City and the communities of Jurupa, Rubidoux, Edgemont, and Highgrove. The appropriation is needed to reimburse the CSDs, as specified in our Wastewater Service Agreements, for overpayments made during fiscal years 2016/17 and 2017/18.
- **General Fund Interdepartmental Transfer:** During a cleanup and closure of project accounts, \$133,000 of unexpended funds were relieved from General Fund projects and moved to a fiscal management account. Council approval of the interdepartmental transfer

of unexpended capital project funds is requested.

Summary of transfers and supplemental requests recommended for Council approval:

Fund	Revenue	Expense	Net Increase/ (Decrease)
101 - General Fund	\$ (1,917,018)	\$ (1,903,944)	\$ (13,074)
110 - Measure Z Operating	3,459,823	(17,385)	3,477,208
215 - Grants and Restricted Programs	3,114,447	3,101,373	13,074
390 - Debt Service Fund	-	3,566,715	(3,566,715)
420 - Measure Z Capital	99,220	-	99,220
550 - Sewer Fund	-	2,500,000	(2,500,000)
<b>Total Budget Adjustments</b>	<b>\$ 4,756,472</b>	<b>\$ 7,246,759</b>	<b>\$ (2,490,287)</b>

**FISCAL IMPACT:**

The City’s General Fund is currently operating under an adopted FY 2018/19 Two-Year Budget, balanced over two fiscal years. Operating shortfalls of \$15 million to \$18 million are projected in FY 2020/21 through FY 2021/23, with the expectation that shortfalls will continue in future years if no mitigating actions are taken. City staff continues to meet regularly to address the impending deficit by focusing on the following items:

- strategize and identify opportunities to enhance non-tax revenues;
- improve business processes to become more efficient;
- identify and implement cost-saving measures;
- strategize the long-term management of the CalPERS Unfunded Accrued Liability (UAL); and
- discuss any and all ideas related to ensuring fiscal stability for the City of Riverside.

The Measure Z Fund is operating within the framework of the Council-approved Measure Z Spending Plan, and is fulfilling the promises made to City residents. Quarterly performance updates reported by the City Manager’s Office provide residents with meaningful measures of the impact of Measure Z funding upon City services, operations, and infrastructure. It is important to note that no Measure Z funds are currently being used, nor are they planned to be used, for the long-term management of the CalPERS UAL.

The Enterprise Funds (Electric, Water, Refuse and Sewer) are all expected to remain within their amended appropriation limits. Planned operational analyses for both Refuse and Sewer will incorporate long-term financial outlooks for the respective funds. The Water and Electric funds have benefitted from rate increases implemented during the current fiscal year which have allowed RPU to move forward on major infrastructure projects. All four Enterprise Funds included in this report are expected to end the fiscal year in a positive position.

Prepared by: Kristie Thomas, Budget and Revenue Manager  
 Certified as to availability of funds: Edward Enriquez, Chief Financial Officer/City Treasurer  
 Approved by: Carlie Myers, Deputy City Manager  
 Approved as to form: Gary G. Geuss, City Attorney

# MEASURE Z

## FINANCIAL DISCIPLINE/RESPONSIBILITY

**20% General Fund Reserve**  
Reserves currently at 19%

**\$2 Million Contingency Funds**

Intact; no current plan to spend

**50% Self-Insurance Fund Reserves**  
On-Track for FY 20/21

**Payoff Pension Obligation Bond**

Annual payments occurring as scheduled

## QUALITY OF LIFE

**Maximize Roads / Streets (Pavement Condition Index - PCI)**

City's PCI: 61/100; Projects approved by Council on 9/11/18; Next PCI study anticipated in FY 19/20

**Arterial and Minor Streets Maintenance**  
Construction began in December 2018; Estimated completion in May 2019

**Selkirk Avenue Sidewalks**  
Construction completed; Improvements included sidewalk widening and new concrete curb and gutter

**JoJo Way Sidewalk**  
Construction has begun and is scheduled for completion in June 2019

 **Tree Trimming**

**Last Season: Recreation - Summer Pools**

 **22 Additional Swim Sessions**

 **8,335 Guests Served**

**Pools will re-open in May 2019**

**Ward Action Team - Deputy City Attorney II**

1 marijuana dispensary closed;  
144 active assignments related to quality of life issues

**Ward Action Team - City Manager's Office**

Vacant; internal assessment of position is being conducted.

**Arlington Youth Innovation Center Furniture, Fixtures, Equipment**

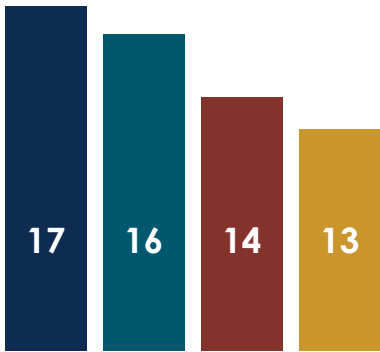

YIC is still under construction; Estimated completion date has been delayed to September 2019 due to heavy rainfall; Funding will be utilized in Summer 2019

## PUBLIC SAFETY

**60** Additional Sworn Police Positions

30 Hired to Date

### RPD Vehicle Replacement & Maintenance

**51** Vehicles Purchased

28 vehicles and 5 motorcycles in service

**1** Fixed-Wing Airplane

**COMPLETED**

**8** Additional Dispatcher Positions

2018 2019 2020 2021

3 Hired to Date

**17** Fire Vehicles Ordered  
4 vehicles in-service

Measure Z Fire Apparatus Ribbon Cutting Ceremony was held on March 28, 2019

**6** Additional Firefighters

3 Hired to Date

### Fire Radios

Completed: 190 radios purchased and in service

### Fire Equipment

Purchase in process for firefighter turnouts and HazMat monitors

Ongoing items are on-track:

Police Officer Lateral Hire  
Incentives and Recruitment Costs

## TECHNOLOGY

### Technology Improvements Underway

- RFPs issued for Network Refresh Project
- Replacement of defective cameras
- Microsoft 365 Implementation

### Technology Improvements Completed

- Increased City's Datacenter capacity
- Purchase of Dell PowerEdge Servers
- Installation of wireless radios at Doty Trust Park
- Vendor remote access solution replacement
- Online technology subscription and training for staff

## FACILITY CAPITAL NEEDS

Spring 2020

### New Downtown Main Library & Archives

Ground breaking ceremony held and construction began in March 2019; Opening anticipated in Spring 2020.

### Museum Expansion and Rehabilitation

Architectural firm bids received; Scheduled to go to City Council for approval in Quarter 4

### Eastside Library Site Selection

City Council approved Bobby Bonds Park for the new library; Unexpended Measure Z funds from site selection have been reallocated to architectural services

### New Police Headquarters

Site options being considered; Processing RFP for building consultant

### Downtown Parking Garage

Project is in conceptual stage.

## Annual Deferred Maintenance (Existing Facilities)

- Q3 improvements are underway at various City facilities: new carpet, painting, window improvements, HVAC repair and replacement, LED lighting, security upgrades

### Completed

- Installed new HVAC units at Fire Stations 7 & 10 and Lincoln Police Station
- New Sump Pump at City Hall
- LED Lighting at City Hall and City Corporation Yard parking lots.
- Complete electrical upgrades to Riverside Municipal Auditorium.
- Expanded Facility Condition Assessment.

## CRITICAL UNFUNDED NEEDS

### General Plan Update

Consultant hired to prepare RFP; Completion of RFP scheduled for completion in Quarter 4 and issued in Summer 2019

### Homeless Services

**Grove Tiny House Project**  
All tenants moved in during Quarter 3

RFP for additional Outreach and Case Management staff will be issued in Quarter 4

Staff received training for "Outreach and Informed Care Trauma" and "Motivational Interviewing"

### Ongoing items are on-track:

- Funding Gap
- Budget Engagement Commission Support

## COMPLETED

- Reinstatement of Fire Squad
- Reinstatement of Captains (Training and Arson)
- Reinstatement of Battalion Chief
- Public Safety Non-Sworn Position and Recruitment Costs
- Refurbish PD Vehicle (Pilot Program)
- Fleet Facility Capital Repairs Needed
- Additional Fleet Mechanics for Police Department (2)
- Additional Fleet Mechanics for Fire Department (2)
- Principal Management Analyst - City Manager's Office

**Budget Transfers, Adjustments, and Supplemental Appropriation Requests  
Fiscal Year 2018/19 Third Quarter Financial Report Requests for Council Approval**

<b>Fund</b>	<b>Department/Account</b>	<b>Revenue</b>	<b>Expense</b>	<b>Increase (Decrease) in Reserves</b>
<b>Interfund Transfer: General Fund (101) to Grants and Restricted Programs Fund (215)</b>				
General Fund restructuring was approved by Council in concept on January 22, 2019 in First Quarter report, with subsequent disclosure as to exact transactions in subsequent quarterly reports. The following summary by fund and department lists transfer of revenues and expenditures related to grants and restricted funds from the General Fund to the Grants and Restricted Programs Fund.				
101 General Fund	00 Balance Sheet / Revenue	(563,750)	-	(563,750)
101 General Fund	22 General Services	-	-	-
101 General Fund	31 Police	(1,584,302)	(1,517,640)	(66,663)
101 General Fund	35 Fire	(788,835)	(1,406,173)	617,339
101 General Fund	41 Public Works	-	-	-
101 General Fund	52 Parks, Recreation & Comm Svcs	(177,560)	(177,560)	-
<b>General Fund Impact</b>		<b>(3,114,447)</b>	<b>(3,101,373)</b>	<b>(13,074)</b>
215 Grants and Restricted Programs	00 Balance Sheet / Revenue	563,750	-	563,750
215 Grants and Restricted Programs	22 General Services	-	-	-
215 Grants and Restricted Programs	31 Police	1,584,302	1,517,640	66,663
215 Grants and Restricted Programs	35 Fire	788,835	1,406,173	(617,339)
215 Grants and Restricted Programs	41 Public Works	-	-	-
215 Grants and Restricted Programs	52 Parks, Recreation & Comm Svcs	177,560	177,560	-
<b>Grants and Restricted Programs Fund Impact</b>		<b>3,114,447</b>	<b>3,101,373</b>	<b>13,074</b>
<b>Total Impact of Budget Adjustment</b>		<b>-</b>	<b>-</b>	<b>-</b>
<b>General Fund \$1.1 Million Supplemental Appropriation:</b> The Fire Department incurs costs when Riverside fire fighters are deployed to assist other agencies. A supplemental appropriation will align the Fire Department's Mutual Aid budget with related costs incurred to date. Since all Mutual Aid expenses are fully reimbursable, an offsetting increase to Mutual Aid estimated revenues will result in a net zero impact to the General Fund.				
101 General Fund	35 Fire / Mutual Aid	1,100,000	1,100,000	-
<b>Total Impact of Budget Adjustment</b>		<b>1,100,000</b>	<b>1,100,000</b>	<b>-</b>

**Budget Transfers, Adjustments, and Supplemental Appropriation Requests  
Fiscal Year 2018/19 Third Quarter Financial Report Requests for Council Approval**

Fund	Department/Account	Revenue	Expense	Increase (Decrease) in Reserves
<b>Measure Z Operating Fund \$99,220 Supplemental Appropriation and Interfund Transfer:</b> On April 23, 2019, City Council approved a supplemental appropriation for design services for the Riverside Metropolitan Museum (Museum) using Measure Z Capital funds. However, the Measure Z Capital Fund does not earn revenues; capital projects are funded via a transfer of resources from the Measure Z Operating Fund. A transfer and corresponding supplemental appropriation of \$99,220 from the Measure Z Operating Fund to the Measure Z Capital Fund is required to effectuate the capital appropriation previously approved by Council.				
110 Measure Z Operating	00 Operating Transfer to Fund 420	-	99,220	(99,220)
420 Measure Z Capital	00 Operating Transfer from Fund 110	99,220	-	99,220
<b>Total Impact of Budget Adjustment</b>		<b>99,220</b>	<b>99,220</b>	<b>-</b>
<b>Debt Service Fund \$2,000 Supplemental Appropriation:</b> A budgeting error was noted in which the debt service fund charged Community Service Districts for activities no longer provided. Because Charges to Others is an expenditure reimbursement account, the removal of the charge will result in an increase in appropriations for the Debt Service Fund.				
390 Debt Service Fund	00 Charges to Others	-	2,000	(2,000)
<b>Total Impact of Budget Adjustment</b>		<b>-</b>	<b>2,000</b>	<b>(2,000)</b>
<b>Debt Service Fund \$3.6 million and General Fund \$104,892 Supplemental Appropriation:</b> In September 2017, the City received capital lease proceeds intended primarily for the purchase of Fire vehicles under the Measure Z Spending Plan. At June 30, 2018, a residual \$3,459,823 remained in the Debt Service Fund. On April 10, 2018, Council approved the use of \$104,892 of capital lease proceeds for the purchase of an aerial man-lift in the amount of \$104,892, with related debt payments to be paid by the General Fund. A supplemental appropriation is required to transfer the capital lease proceeds from the Debt Service Fund to the General Fund and Measure Z Fund, and to appropriate capital lease proceeds for the purchase of the aerial man-lift.				
101 General Fund	00 Operating Transfer from Fund 390	104,892	-	104,892
101 General Fund	41 Public Works / Automotive Equipment		104,892	(104,892)

# FY 2018-2020 TWO-YEAR BUDGET: FY 2018/19 THIRD QUARTER UPDATE

Finance, Public Works, & Public Utilities  
Departments

City Council  
June 18, 2019

RiversideCA.gov

## BACKGROUND

**June 2018**  
Budget Adopted  
by City Council

**Third Quarter**  
Budget Engagement Commission  
Finance Committee

**December 2018**  
Carryover of prior year  
unexpended funds

**June 2018** – Updated Spending Plan in adopted budget; new spending Items (Fire, Parks & Rec)

**December 2018** – Updated Spending Plan to reflect actual FY 2017/18 revenues recorded.

**April – May 2019** – Council actions setting a reserve policy and allocating additional funding.

## RECOMMENDATIONS

That the City Council:

1. Receive and provide input on the attached Fiscal Year 2018/19 Third Quarter Financial Report and Measure Z Update; and
2. Approve interfund and interdepartmental transfers of \$4,746,759 as detailed in Attachment 2, and related supplemental appropriations in the same amount required to effectuate the interdepartmental transfers, and a net budget reduction of \$9,713 across city funds; and

19

RiversideCA.gov

## RECOMMENDATIONS (CON'T)

3. Approve a \$2.5 million supplemental appropriation in Sewer Fund account 4125200-425900 to reimburse Community Service Districts (CSDs) for overpayments made during fiscal years 2016/17 and 2017/18.

# City Council Memorandum

City of Arts & Innovation

.....

**TO: HONORABLE MAYOR AND CITY COUNCIL                      DATE: JUNE 18, 2019**

**FROM: FINANCE DEPARTMENT    WARDS: ALL**

**SUBJECT: FISCAL YEAR 2018/19 THIRD QUARTER CASH AND INVESTMENTS AND DEBT REPORT**

**ISSUE:**

That the City Council receive and provide input on the attached Fiscal Year 2018/19 Third Quarter Cash and Investments and Debt Report.

**RECOMMENDATIONS:**

That the City Council receive and provide input on the attached Fiscal Year 2018/19 Third Quarter Cash and Investments and Debt Report.

**BACKGROUND:**

On April 23, 2019, the City Council received and provided input on the Fiscal Year 2018/19 Second Quarter Cash and Investments and Debt report. In previous quarters, this information was included in a comprehensive Quarterly Financial Report. The Finance Department separated the reports in an effort to increase financial accountability and transparency as it relates to the City's Debt and Investment activities.

**DISCUSSION:**

It is staff's intention to provide the Cash and Investments and Debt Quarterly report at the same City Council meeting as the Quarterly Financial Report for the General Fund and Measure Z in order to provide a comprehensive review of all City Finance activities and to obtain City Council input related to those activities.

**QUARTERLY CASH AND INVESTMENT REPORT**

Sound investment practices are an essential component of the City's strong fiscal management. The Finance Department is responsible for managing the City's investment portfolio, focusing first on the safety of investments, and then on liquidity and an appropriate rate of return. The investment results and portfolio composition are summarized and reported to the City Council each quarter. As of March 31, 2019, the City's pooled investment portfolio's market value was \$608 million, with the market value of investments held by fiscal agents (bond proceeds and reserve funds primarily) amounting to an additional \$162 million. The weighted average yield of

the pooled investment portfolio is 2.123%.

The authority to manage the City's investment program is provided by the California Government Code Sections 53600-53610 which allows the City Council to delegate to the Treasurer/CFO for a one year period the authority to invest or to reinvest all funds of the City. In accordance with the City Charter and under authority granted by the City Council, the Chief Financial Officer is designated the responsibilities of the Treasurer and is responsible for investing the unexpended cash in the City Treasury consistent with the City's adopted investment policy.

The Cash and Investment Report, including a listing of cash balances by fund, is included in Attachment 1. These cash balances reflect each fund's share of the City's pooled investment portfolio. Also shown are interfund loan receivables, which are treated as available cash due to the Chief Financial Officer/Treasurer's authorization to move loan receivables to other funds as needed.

All listed funds have a positive cash balance with the exception of the following funds:

1. Civic Entertainment Fund - Convention Center, Visitors Bureau, and Sports Commission (\$1,112,226), and Special Districts (\$339,027), have negative cash balances that are fully offset by outstanding receivables.
2. Urban Areas Security Initiative (\$598,682), Housing Opportunities for Persons with AIDS (\$361,806), NPDES Storm Drain (\$267,063), Capital Outlay - Grants (\$1,120,620), and Transportation Uniform Mitigation Fees (\$2,003,598) have negative cash balances due to the timing of expenditures; however, the negative balances are fully offset by grant receivables.
3. Debt Service Fund – General (\$25,372,262) which is fully offset by outstanding cash transfers from all funds related to their share of the Pension Obligation Bond (POBs) payments made by the Debt Service Fund (\$17 million). In addition, the Debt Service Fund is pending receipt of lease proceeds currently held with fiscal agent for the reimbursement of fire vehicle purchases (\$11.6 million).
4. Central Stores (\$590,257) which is fully offset by inventory assets that will be recouped when charged out for usage to various departments.

### QUARTERLY DEBT REPORT

The Finance Department is responsible for managing the City's debt portfolio, which includes issuing new debt and monitoring opportunities to refinance existing debt as opportunities to reduce financing costs arise. The Quarterly Debt Report (Attachment 2) summarizes the composition of the City's debt portfolio, details the revenue sources utilized to pay the debt service associated with each outstanding debt, and provides detailed information regarding the total principal and interest payments made in the second quarter by debt classification and fund.

### *Debt Summary Analysis*

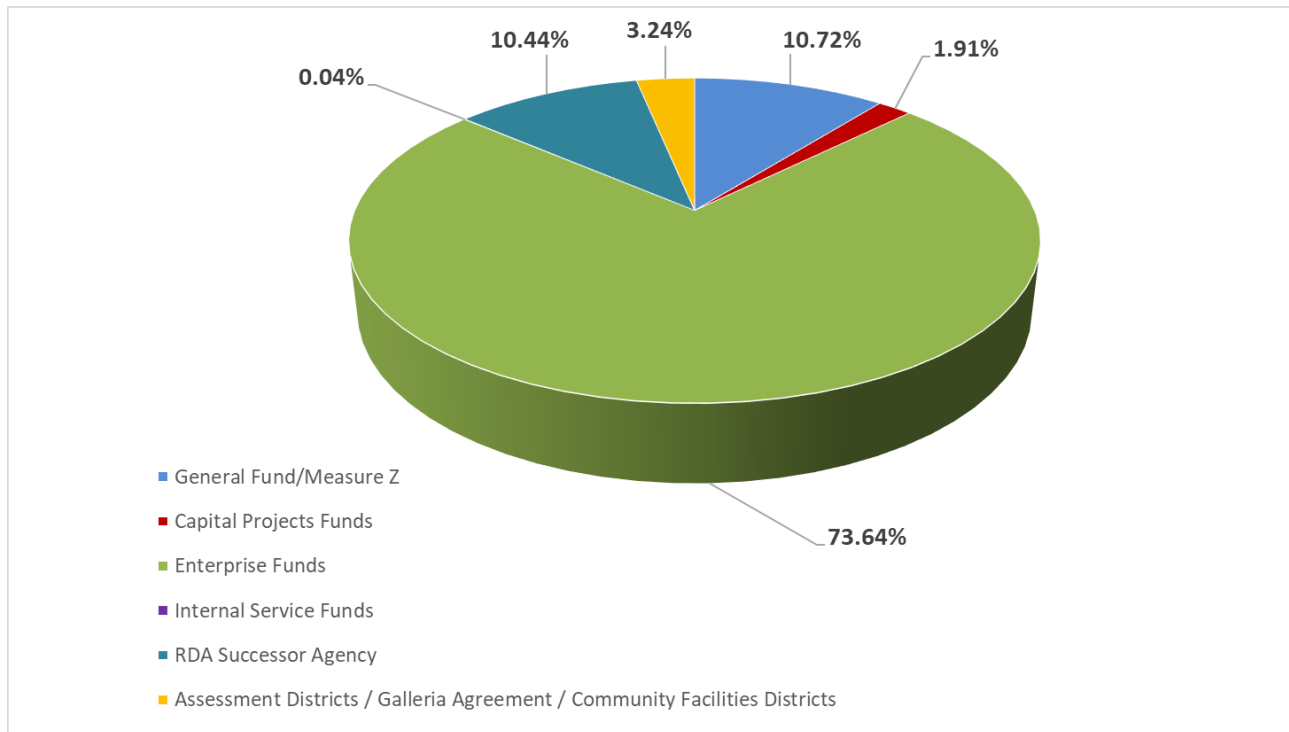

The City's outstanding principal will change as a result of debt service payments, bond calls, new debt issuances, and refunding and defeasance activity. At the end of the third quarter, the City's outstanding principal balance increased \$117,144,791 from the end of the second quarter. This principal increase includes \$52,194,000 in new money financing for water capital projects and \$103,072,000 in new money financing for electric capital projects, executed as part of the 2019A Electric and 2019A Water Revenue Refunding Bonds. The City realized a total \$47,565,000 in present value savings related to these issuances. On February 26, 2019, the following issuances were legally defeased:

- Electric Revenue Bonds 2008 Series D – full refunding \$191,715,000
- Water Revenue Bonds 2008 Series B – full refunding \$53,880,000
- Water Revenue Bonds 2011 Series A – partial refunding/swap unwind \$26,900,000

The City also economically defeased the Electric Revenue Refunding Bonds 2008 Series A and Electric Revenue Refunding Bonds 2008 Series C at that time. Because these were economical defeasances, per the Governmental Accounting Standards Board (GASB), Finance will report the principal reduction from the partial refundings of these issuances (\$40,425,000) in the fourth quarter based on a transaction closing date of April 1, 2019.

The remaining \$7.9 million principal reduction is due to debt service principal payments on the City’s 2008A Certificates of Participation, ten capital leases, the last payment of a HUD Section 108 Refunding Loan, the Convention Center Private Placement loan, and a State Revolving Fund Loan for the Sewer Cogeneration project.

The chart below depicts the composition of the City’s debt portfolio at the end of the third quarter. The Enterprise funds are responsible for the majority of the City’s debt, with capital project financing offset by the revenues generated by the newly financed facilities. The General Fund and Measure Z have the next largest percentage of debt, providing financing for projects and equipment related to public safety, downtown revitalization, and public facility and infrastructure improvements. The City’s Pension Obligation Bonds are allocated within a majority of the funds, distributing debt service in alignment with departmental staffing.

For purposes of this report, the Sewer, Water, Electric, Refuse, Special Transit, Civic Entertainment, Convention Center, and Parking funds are consolidated under the classification of Enterprise Funds. Measure Z and General Fund are grouped together. Measure A and the City’s Parks Special Capital fund are classified under Capital Projects Funds. While the Assessment Districts, Galleria Agreement, and Community Facilities Districts are part of the City debt portfolio, they aren’t City obligations. They are paid by individual Districts that are separate legal entities from the City, formed to issue debt and levy assessments and special tax to pay debt service

within those districts.

The following bar chart provides the City’s debt service portfolio using the same classification methodology, outlining the principal and interest payments on all City debt instruments by fund. As illustrated below, the City has a stable debt service curve that results in steadily diminishing annual debt service payments and that minimizes any spikes in payments that could negatively impact the City’s ability to pay debt service.

### Debt Related Activities in Third Quarter

Finance staff regularly monitor the market in order to identify opportunities to maximize debt service savings through refunding. Within the third quarter, the City priced and closed the \$283,325,000 2019A Electric Revenue Refunding Bonds and the \$114,215,000 Water Revenue Refunding Revenue Bonds Series 2019A issuances. Proceeds from the bonds were used to fully refund the 2008D Electric Revenue Bonds and the 2008B Water Revenue Bonds. The proceeds were also used to partially refund and partially unwind the swaps associated with:

- 2008A Electric Revenue Refunding Bonds
- 2008C Electric Revenue Refunding Bonds, and
- 2011A Water Revenue Bonds

Staff presented Riverside Public Utility enterprise financial and operational highlights to both S&P Global Ratings and Moody’s Investors Service, affirming a AAA and AA+ rating respectively for the Water enterprise and AA- and AA- for the Electric enterprise.

Other debt related activities conducted within the second quarter include:

- Refunding the 2006 Lease Revenue Certificates of Participation (Galleria at Tyler Public Improvements)
- Bond Financing for 2019B Lease Revenue Bonds to Finance a Main Branch Library facility.
- Preparation of FY 2020 budgets and Council action on Street Lighting Assessment District 1 and Riverwalk and Sycamore Highlands Landscape Maintenance Districts.
- Preparation of FY 2020 budgets for Community Facility Districts and Assessment Districts.
- Preparation of 2020 Levy tax rate for 2004 Election of 2003 General Obligation Bonds (Fire Facility Projects).

**FISCAL IMPACT:**

There is no direct fiscal impact associated with this report.

**COMPOSITION OF POOLED PORTFOLIO**

**COMPOSITION OF POOLED PORTFOLIO BY FUND**

It has been verified that this investment portfolio is in conformity, exclusive of items identified, with the City of Riverside's investment policy which was approved by City Council on 12/15/15. The Treasurer's cash management program and cash flow analysis indicates that sufficient liquidity is on hand to meet estimated future expenditures for a period of six months. The weighted average maturity of the pooled investment portfolio is 1.18 years. Market prices of securities are obtained from Interactive Data Corporation. Weighted average yield on cost is 2.123%. The cash held and invested with fiscal agents is subject to the investment provisions of the related trust indentures associated with the bond transaction which generated the cash.

Verified by:   
Nancy Garcia, Controller

Approved by:   
Edward P. Enriquez, Chief Financial Officer/Treasurer

<sup>1</sup> Excludes water stock acquisition rights, copier leases, development agreements, and amortization of premiums and discounts on outstanding debt, none of which are material.

<sup>2</sup> Debt service for these bonds is allocated based on the percentage of CalPERS plan employees budgeted in those Funds.

<sup>3</sup> Beginning outstanding principal balance on interfund loans may be less than prior year projected ending balance due to actual FY 2018 pooled interest rate adjustment at end of FY

<sup>4</sup> Debt service for this loan is primarily funded from a voter-approved increase in the transient occupancy tax rate from 11% to 13%.

<sup>5</sup> Sewer 2009B Bonds defeased by Sewer 2018A Refunding Bonds on 11/27/18. 2009B Interest expense includes a cash on hand refunding contribution.

<sup>6</sup> RPFA 2007 Series A, B, C and D Tax Allocation Bonds refunded by the SARDA 2018 Series A and B Tax Allocation Refunding Bonds on 9/30/2018

<sup>7</sup> Under the terms of an existing development agreement, increased incremental sales tax resulting from the expansion of the Auto Center funds the debt service on these bonds.

# CASH AND INVESTMENTS DEBT ADMINISTRATION REPORT FY 2018/19 THIRD QUARTER UPDATE

Finance Department

City Council  
June 18, 2019

RiversideCA.gov

## BACKGROUND

1. Cash and Investments and Debt originally included in Quarterly Financial Report and Measure Z Update
2. Improve reporting of treasury and debt administrative activities
  - A. Separate process for management of investment and debt
  - B. Different metrics of performance for debt and investments
3. Keep Council updated on debt and investment portfolio management

2

RiversideCA.gov

## TREASURY FINANCIAL GOALS

1. Safety of Principal
2. Liquidity for Cash Flow
3. Yield return on investment
  - A. Ensure sufficient cash on hand to meet obligations
  - B. Adhere to City Investment Policy and bond covenants related to Permitted Investments for Bond Proceeds
  - C. Annual requirement to delegate investment authority to Chief Financial Officer/Treasurer

3

RiversideCA.gov

## CASH AND TREASURY PERFORMANCE – Q3

1. Pooled Investment Portfolio - \$608 million
2. Investments held by fiscal agents - \$162 million
3. Weighted average yield of pooled investment portfolio – 2.123%
4. No fund's cash balance is currently a concern

4

RiversideCA.gov

## DEBT SUMMARY ANALYSIS – Q3

1. Principal Balance increased \$117,144,791
2. February – Water and Electric 2019A Issuances
  - A. Electric Revenue Bonds 2008D – full refunding (\$191,715,000)
  - B. Water Revenue Bonds 2008B – full refunding (\$53,880,000)
  - C. Water Revenue Bonds 2011A – partial refunding/swap unwind (\$26,900,000)
  - D. Financing for Electric Fund Capital Projects (\$103,072,000)
  - E. Financing for Water Fund Capital Projects (\$52,194,000)

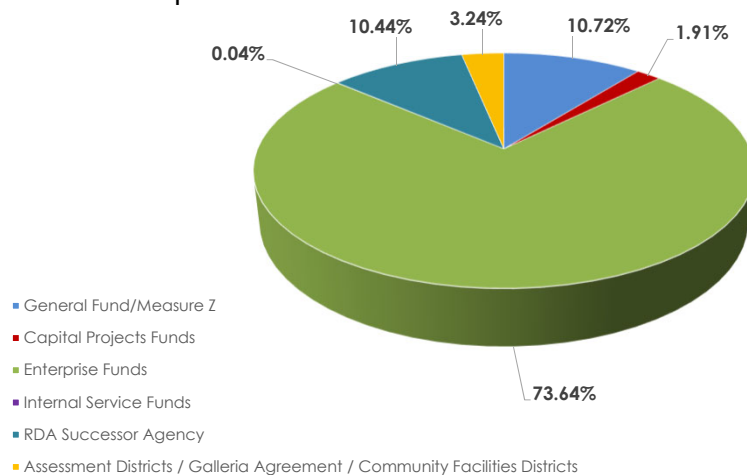

5

RiversideCA.gov

## DEBT SUMMARY ANALYSIS – Q3

Debt Portfolio composition

6

RiversideCA.gov

## DEBT SUMMARY ANALYSIS – Q3

## DEBT ACTIVITIES – Q3

1. Refunding/De-risking Riverside Public Utility Variable Rate Debt- \$36.8M Savings Electric, \$10.8M Savings Water
2. Refunding 2006 Lease Revenue Certificates of Participation (Galleria at Tyler Public Improvements)
