Let's Shape the Future of Southern California

What is Connect SoCal?

Connect SoCal, the 2020-2045 Regional Transportation Plan/Sustainable Communities Strategy, will present a long-range vision that balances future mobility and housing needs with economic, environmental and public health goals. Connect SoCal will help guide the region's growth, and will include transportation improvements and land use ideas to shape the future of Southern California.

Use this guide to find a public workshop near you: by **COUNTY** on **page 1** or by **DATE** on **page 4**.

Why should I go to a Connect SoCal workshop?

Connect SoCal is developed with input from communities all over the region, which includes the counties of Imperial, Los Angeles, Orange, Riverside, San Bernardino and Ventura. By attending a workshop, you will be able to learn more about the challenges facing the region over the next 25 years and the potential solutions we have to address them. Come learn about how the region is anticipated to grow - the choices we have about where growth occurs - and provide your input on how to keep the region moving.
